

## 8. Western Europe

Attachment C characterizes  
the movement in Europe, which,  
appears on the left side, with  
the acquisition of CP influence,  
Spain and Portugal. In Finland,  
direct Soviet diplomatic pressure  
is applied to force the CP into  
prominence. In Spain and  
Portugal, intensification  
of CP activity, agitation  
and unrest within the countries,  
combine.
